

EDUCATION APPLIANCES

Advance Your Operations By Investing In Our Technology

INDUSTRIAL AUTOMATIC NETWORK
INTEGRATED TRAINING DEVICE

Auto Falling Head Permeability Apparatus, Automated Production Line Training Setup, Automatic Compression Testing Machine, Automatic Mounting Press, Belt Grinder, Brinell Hardness Tester, Characteristic Opening Size Apparatus, Computerized 6 Pillar Universal Testing Machine Hydraulic Gripping, Constant Temperature Water Bath, DIN-1048 6 Cell Concrete Permeability Tester With Air, De-Airing System With Vaccum Arrangement, Digital Micro Vickers Hardness Tester, Digital Universal Hardness Tester, Digital cum Computerized Universal Testing Machine, Dry Sieve Test Apparatus, etc.

AUTOMATIC COMPRESSION TESTING MACHINE

AUTO FALLING HEAD PERMEABILITY APPARATUS

CONSTANT TEMPERATURE WATER BATH

About Us

Universal Motion Inc. is a distinguished name in the global market, specializing in the manufacturing and sale of Universal Testing Machine, Civil Engineering Lab Testing Equipment, Metallography Equipment, Lab Testing Equipment, Civil Engineering Equipment, Engineering Education Training Equipment, etc. Smart combination of latest technology and reliable quality makes products launched under the UMI brand a cut above the rest. With empowered technology and an experienced team, the company as a manufacturer and exporter has been ruling in its sector since 2001; successfully supplying a hi-tech range featuring updated quality at very competitive prices to clients, worldwide.

The team at UMI made up of many brilliant minds and competent experts constantly looks for new and better ways to serve clients from both the national and global markets. Today, the many exclusive designs in machines and equipment offered by the company are demanded for quality assurance, for precise product and material fabrication and development, for modern research works in several areas, including technical educational institutions, research units, mechanical test labs, and many other related areas.

Key Facts

| | |
|---------------------------------------|--|
| Nature of Business | Manufacturer |
| Primary Competitive Advantages | aggregate impact testing machine,creep testing machine,Asphalt Testing Equipment,Cement Testing Equipment,Soil Testing Equipment,Servo Control Universal Testing Machine,Universal Hardness Tester,Brinell Hadness Tester,Micro Hardness Tester,Concrete Testing Machine |
| No of Staff | 30 |
| Year of Establishment | 2001 |
| No of Production Lines | 1 |
| OEM Service Provided | No |
| ProductRange | aggregate impact testing machine,creep testing machine,Asphalt Testing Equipment,Cement Testing Equipment,Soil Testing Equipment,Servo Control Universal Testing Machine,Universal Hardness Tester,Brinell Hadness Tester,Micro Hardness Tester,Concrete Testing Machine |

Our Products

Auto Falling Head

Table Top Solar Power

Constant Temperature

DIN-1048 6 Cell

In-Plane Water

Characteristic Opening

Dry Sieve Test

Manual Permeability

De-Airing System With

Four Cell RCPT With

Manual Concrete Test

Industrial Automatic
